

Los Angeles Department of Water and Power
Solar Power Incentive Program

2003 PV Installation Workshop Registration Form

Priority registration will be given to residents and representatives of firms located in or doing business in the City of Los Angeles*. Please have proof of residence (e.g. utility bill) at time of attendance.

All others may register to attend these workshops and will be registered based on workshop space availability.

While PV systems are in many ways just another electrical power system, they have several characteristics that are unfamiliar to traditional electricians. Learn equipment, design basics and installation procedures that meet the National Electrical Code and LADWP installation requirements.

Attendee: _____

Firm: _____

DBA (Fictitious business name), if any: _____

Email: _____

CA Contractors License Number, if any: _____ License Type: _____
